

| Alignment of Topics for Phase - I MBBS Course | | | |
|--|---|--|---|
| Month | Anatomy | Physiology | Biochemistry |
| August | Foundation Course | | |
| September | General Anatomy, General Histology, General Embryology and upper limb | General Physiology & Cell, Nerve - Muscle Physiology, Haematology, CVS | Cell, Chemistry of Carbohydrates and Protein, Enzymes, Haemoglobin metabolism |
| October | | | |
| November | General embryology, genetics, Upper Limb and Thorax & Related Systemic embryology | CVS, Respiratory System | Biological oxidation, Lipid chemistry, Fat soluble vitamins |
| December | Lower Limb | CVS, Respiratory System | Water soluble vitamins, Protein metabolism |
| January | Abdomen, Related Systemic embryology & Systemic histology | GIT, Excretory System | Carbohydrate metabolism, Water - electrolyte balance, Acid - base balance |
| February | Abdomen, Related Systemic embryology & Systemic histology | Excretory system, Reproductive system | Lipid metabolism, Nutrition, Nucleic acid chemistry |
| March | Abdomen and Head and Neck, Related Systemic embryology & Systemic histology | Reproductive system | Nucleic acid metabolism |
| April | Head and Neck, Related Systemic embryology & Systemic histology | Endocrine | Hormones, Mineral metabolism, Organ function tests |
| May | Head and Neck and Brain and Spinal cord, Related Systemic embryology & Systemic histology | CNS | Organ function tests, Plasma proteins, Immunoglobulins, |
| June | Brain, Spinal cord and Head and Neck, Related Systemic embryology & Systemic histology | CNS and Special senses | Detoxification, Cancer and cell cycle |
| July | Head and Neck | Special senses and Skin & temperature regulations | Extracellular matrix and Immunity |
